Winter 2003

- The Latest on CWD
- TWS Reviews Wild Ungulate Confinement

- Exotic Newcastle Disease Outbreak
- Southern Tick-Associated Rash Illness (STARI)
- Record Year for HD
- Renal Coccidiosis Agent Investigated
- 2001 Survey of Wildlife Related Activities

Spring 2003

- New APHIS Funds for CWD Work
- New Info on Captive Cervids and CWD
- More CWD Items in the News
- Michigan TB Developments
- West Nile Virus Conference Held
- 2002-2003 AVM Update
- Exotic Newcastle Disease Found in Texas
- New Book on Wild Bird Diseases
- SCWDS Employee Honored

Summer 2003

- CWD Surveillance in the Southeast
- Monkeypox Introduced with Exotic Pets
- SARS
- Florida Passes Feral Cat Policy
- White Paper on Feeding and Baiting
- More SCWDS Graduate Student Accolades

Fall 2003

- Johne's Disease and Southeastern White-tailed Deer
- New USDA/SCWDS Studies
- Surveillance for Human Ehrlichioses Agents Using White-tailed Deer
- Characterization of *Ehrlichia chaffeensis* from Deer
- GIS-Based Pseudorabies Surveillance
- Exotic Newcastle Disease Quarantine Lifted
- Pentobarbital Poisoning of Eagles

Winter 2004

- HPAI and Wild Birds
- BSE Investigation Completed
- CWD Proposed Rule Published
- Another BIG Year for West Nile Virus
- Brucellosis in Wyoming Cattle
- Contributions for CWD Work

Spring 2004

- First Culture of the STARI Agent
- Wyoming Elk Mortality
- EHDV and BTV Isolations During 2003
- Your Viruses at Work
- Hair Loss in West Virginia White-tailed Deer
- Pseudorabies and Brucellosis Problems in Feral Swine
