in the permit. The Permittee is the legal importer/recipient [as applicable] of regulated article(s) and is responsible for complying with the permit conditions. The Permittee must be at least 18 years of age and have and maintain an address in the United States that is specified on the permit; or if another legal entity, maintain an address or business office in the United States with a designated individual for service of process; and serve as the contact for the purpose of communications associated with the import, transit, or transport of the regulated article(s). **Note: Import/Permit requirements are subject to change at any time during the duration of this permit.

- ***Materials shall be consigned directly to the permittee address specified above.
- ***Each shipment shall be accompanied by an ORIGINAL document from the producer confirming that the exported microorganisms: 1) have been subcultured at least four times since initial isolation; and 2) were cultured and shipped only in a chemically defined medium without any animal-derived nutrient factors/supplements (such as fetal bovine serum, albumin, insulin, or other "growth factors").
- [This certification must CLEARLY correspond to the shipment by means of an invoice number or shipping marks or lot number or other identification method. An English translation must be provided.]
- It is incumbent upon the permittee to uphold proper biosafety procedures and protocols to protect human and animal health as per institutional policy and recommendations published in Biosafety in Microbiological and Biomedical Laboratories, current edition.
- This permit DOES NOT authorize direct or indirect exposure of or inoculation into laboratory and domestic animals, (including but not limited to: birds/poultry, cattle, sheep, goats, swine, and/or horses). Work shall be limited to *in vitro* uses only.
- Materials, derivatives, packaging, containers, and all equipment in contact with the imported products shall be sterilized or considered a biohazard and disposed of accordingly.
- Importer/permittee is responsible for obtaining any required authorization (letter or permit) from the Department of Health and Human Services, Centers for Disease Control and Prevention (DHHS, CDC). Importer to contact: (404) 718-2077.
- Imported article may be subject to regulations enforced by U.S. Customs and Border Protection (CBP). Please visit their website: <http://cbp.gov/biologicals>
- Work with the permitted material shall be performed in accordance with the condition requirements described in this permit. Subsequent distribution to another state is prohibited without prior authorization of APHIS (in the form of an interstate transport permit, written correspondence, or
